Roads, Light, Water, Wharf, Considered

Thursday evening, Feb. 6th., at the Sidney Hotel, members of the Sidney Businessmen's Association gathered for their monthly dinner meeting. A. W. Hollands, vice-president, presiding at the dinner, and later George L. Baul, president, taking charge of the business session.

BANK

Disposing of routine affairs a further report was heard concerning the matter of endeavoring to secure a bank branch in Sidney. After a considerable amount of discussion it was decided, as an intermediate step, to endeavor to arrange a local system (with the co-operation of some bank) whereby cheques may be cashed on certain days in an office in Sidney. All business places will be asked to send a representative to a special meeting to be called shortly to deal with this suggestion.

ROADS

The condition of local roads again aroused members and it was reported that the North Saanich Liberal Association were urging improvements. It was decided to lend aid to this effort by writing R. W. Mayhew, M.P., Victoria, as regards the federal angle to road work and Norman Whittaker, K.C., M.L.A., as regards the provincial angle.

LIGHTS

The question of street lights was again discussed and it was learned that the B.C. Electric, up to the time of the meeting, had evaded the point at issue — the rate — by replying to the latest letter of the lighting committee to the effect that they considered the amount of money spent for street lights in 1940 was not high. Seven years ago the committee in charge secured a reduction of one cent, from five to four cents per kilowatt hour. Last year Victoria secured a new rate of around two cents whereas seven years ago three cents was the rate. The committee is pressing for a reduction in the rate in Sidney from four to some lower figure. In the meantime the street light bill is not being paid, while the "argument" continues and the lights are apt to be cut off any time now. The point is the rate — not the ability to pay. The money is on hand just as soon as the "argument" is settled, one way or the other.

In connection with the street lights a request was made from the management of the Hostess House for a street light on Second Street at or near the hall. The matter caused considerable discussion, it being well understood that the entire upkeep of the local street lights is met by the merchants in Sidney. It was finally decided to bring the matter to the attention of the B.C. Electric and see if something can be done about it as a patriotic gesture by the company.

WATER

A letter was read from the Sidney Water & Power Co. Ltd., regarding water rates and notice also that the so-called summer (Please turn to Page Three.)

SECOND WAR FATALITY FOR THIS DISTRICT

Word was received on Monday, Feb. 10th, by Mr. and Mrs. H. Carter, Beacon Avenue, of the loss of their son, Sergeant Edward ("Ted") Carter, who died on Saturday, Feb. 8th, from injuries received in a flying accident at Tolberton, England.

Mr. and Mrs. Carter were at first informed that Ted had been dangerously injured, the base of his skull being fractured and had been admitted to the Nottingham General Hospital, and later received word of his death.

Ted, who was 20 years of age and was born in Winnipeg, was well known here, having attended the Sidney and North Saanich Schools. For five years he served with the 2nd Battalion, Machine Gun Co., Military Canadian Scottish Regiment. In June of 1939 Ted left Sidney and worked his way to England, arriving there in July, when he was accepted in the Royal Air Force.

"FOG" NOZZLE AGAIN SAVES A CHIMNEY

Saturday night the wail of the fire siren called forth the members of the North Saanich Volunteer Fire Brigade to a bad chimney fire at the home of Mr. and Mrs. Robert Sloan, Sixth Street.

Sizing up the situation quickly their famous "fog" spray, made and donated by Dr. Black of Deep Cove, was put in use. This spray has been used many times in the past and is certainly very efficient. To pump cold water on a red-hot chimney would simply split same to such a degree as to render it useless. With this spray chimneys are allowed to burn out under control.

That the Sloans are well pleased with the work of the brigade is shown by the following letter:

Dear Mr. McIntyre:—

Please convey my thanks to the members of the Fire Brigade for their speedy and efficient action in connection with keeping under control the chimney fire at my house last Saturday night. I was greatly impressed by the lack of fuss and I am sure the local fire fighters would be a credit to any community. I also thank Mr. E. King and any others who were on hand.

MRS. ALICE SLOAN. Sidney, B.C., Feb. 10th, 1941.

Editor's Note:—With the above letter we enclosed a nice sum of money "to help carry on the good work," as Mrs. Sloan says. To which we say, "Thanks, Mrs. Sloan."

CHURCHES OF CHRIST SCIENTIST

Sunday, February 16th, 1941
"SOUL" will be the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday.
The Golden Text is: "Let all those that seek thee rejoice and be glad in thee; and let such as love thy salvation say continually, Let God be magnified" (Psalms 70: 4).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Incline your ear, and come unto me; hear, and your soul shall live; and I will make an everlasting covenant with you, even the sure mercies of David" (Isaiah 55: 3).
The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Soul, or Spirit, is God, unchangeable and eternal; and man co-exists with and reflects Soul, God, for man is God's image."

Why Do Women Want NEW CLOTHES?

Maybe that's "Foolish Question Number 99" and maybe there are 99 answers. But we submit that ONE of the correct answers is that they want new clothes because they LOOK NEW!
Making Dresses, Suits and Coats LOOK new is the very essence of our business, and we're almost unbelievably successful!

rate given residents to encourage them to keep their lawns in good shape would be discontinued, owing to numerous requests from users for a lower rate than that first agreed to (4,000 gallons for \$2.50) when 4,000 gallons was not used. Members were of the opinion that those requesting a lower rate than the minimum of \$2.50 for 4,000 gallons were not treating the water company fairly. A resolution was passed unanimously requesting the company to again make the summer rate available in order that home owners might improve the looks of their surroundings by keeping the lawns in good condition.

FISH
The matter of a proper separate shed for the handling of iced fish at the Sidney wharf was discussed. Recently difficulty had been experienced as regards fish being kept in the present shed where other goods were stored. It being understood that there is to be an extension made to the wharf the authorities are being asked to provide suitable accommodation for fishermen to carry on without interference as regards other goods passing through this port.

ARGENTINA
Amongst the correspondence was a letter from a party in Argentina, South America, concerning the possibility of opening up a market in that country for McIntosh apples. This letter was referred to fruit men and the secretary instructed to so advise the party in the south. Bills were considered and ordered paid and other minor matters attended to.

2ND ANNUAL SUPPER HELD BY C.C.F. CLUB

ROYAL OAK, Feb. 12. — One hundred members and friends of the Central Saanich C.C.F. Club gathered in the Royal Oak Hall on Saturday night to enjoy the club's second annual community supper and social. Julian Mitchell was chairman.

Rev. D. M. Perley, in asking the blessing, prayed for the day when none should have too much of the world's goods, and none too little. Colin Cameron, M.L.A., guest speaker, said: "What we do to ourselves in this war may later be looked on as more important than what the fighting nations do to each other. Fundamental changes are taking place before our eyes, but we can help shape the political and social changes which must also come. We must not give away democracy to powerful industrialists who promise efficiency and economy but who would like to be dictators after the German pattern."

"Don't be too willing to follow the cynics who make fun of our local Legislature. It is a funny institution, but it is a safeguard of our rights. It is government by discussion, and the only other way is government by dictatorship. You may have a low opinion of the members of the Legislature, but remember, you sent them there. The Legislature is your curb on Government politicians who would like to be dictators, because there they must come before you and justify their actions."

A concert by the following pupils of Betty Clair was enjoyed: Vivian Notley, Joan Hume, Dennis Kempton, Joan Bradley, Doreen McManus, Enid Middleton, Iris DeMeres, Audrey Brown, and Iris Brooks.

Betty Clair's orchestra then played for dancing and a card party was also held.

"The Whole Family must Budget
to Buy WAR SAVINGS CERTIFICATES!"

Yes! EVERY CANADIAN FAMILY
Must Pledge and Sacrifice...

"THIS TIME we are ALL in the front line." — H.M. THE KING.

FALL IN! The line is forming. Close the ranks. Answer His Majesty's call. Every man, woman and child in Canada has a duty to perform. Some will fight. You, too, have a job to do. It may demand sacrifice. You are called on to help furnish the munitions needed to win the war... guns and tanks for the army... planes for the air force... ships for the navy and merchant marine. Guns and tanks and planes and ships cost money. You are not asked to give—you are only asked to LEND your money. This is something you can do... something you must do.

There is only one place to get the money Canada needs to win this war—from the people of Canada. A large part will come from business firms and people with large incomes. They will pay high taxes and buy heavily of War Loan Bonds. But more money is needed... a great deal more. \$10,000,000 a month is expected from men, women and children who invest in War Savings Certificates.

Work hard. Earn more. Save all you can and lend your savings to Canada. BUY WAR SAVINGS CERTIFICATES. Budget to buy them regularly. Buy them every week... every month... as long as the war lasts. You will be forming a good habit... the saving habit... a habit that will benefit you when victory is won. You will be doing a real job in helping to win the war.
